Technical Skills

Core Web

HTML5
CSS3
JavaScript
TypeScript

Frontend

React.js
Next.js (App Router, Server Components)
React Native
Responsive design

UI & Data

Tailwind CSS
shadcn/ui
Figma-to-code implementation
TanStack Query
REST API integration

AI-Assisted Development

Claude / Claude Code
Spec-Driven Development
Playwright MCP
OpenAI API

Testing & Tools

Playwright (end-to-end)
Page Object Model (POM)
Git
GitHub
Scrum / Agile

Education

Engineer's Degree, Information Technology, Ho Chi Minh City University of Technology (HUTECH)

Jan 2025 · Ho Chi Minh City, Vietnam · GPA 3.35 / 4.0 · Very Good

Certifications

Microsoft Certified: Azure Fundamentals (AZ-900)
English, CEFR level B1

Summary

Frontend Developer and Information Technology graduate from Ho Chi Minh City University of Technology (HUTECH) with hands-on experience building responsive web and mobile applications using Next.js, React.js, and React Native. Experienced in translating product and design requirements into reusable, maintainable frontend code.

Experience

Frontend Developer, VILIHA PTE. LTD.

Ho Chi Minh City, Vietnam · Jul 2026 – Present · Full-time

- Translate detailed Figma designs into clean, responsive, semantic code and build reusable components with maintainability and DRY principles in mind.
- Work with Next.js App Router and Server Components, TypeScript, TanStack Query, TanStack Table, Tailwind CSS and shadcn/ui.
- Develop responsive interfaces from user and business requirements in an Agile/Scrum team, working with stakeholders in English.

Frontend Developer & Testing, Chip Nova

Ho Chi Minh City, Vietnam · Aug 2025 – Mar 2026

- Clarified product requirements, designed the user experience and implemented the frontend across 2 platforms, building the mobile app with React Native and turning own designs into shipped features.
- Wrote end-to-end tests with Playwright to ensure product quality.

Projects

Portfolio Website (BrowserMind)

Frontend Developer & Testing · Jun 2026

React.js, TypeScript, Vite, Tailwind CSS, AI bot, Claude, Claude Code, Playwright MCP, Spec-Driven Development

browsermind-profile.vercel.app ·

github.com/hangnguyen118/browsermind-profile

- Used Spec-Driven Development to turn product requirements into a fully functional application with clear specifications and automated validation, across 23 React components.
- Designed and built the interface with Claude Design and Claude Code, then verified the generated output with AI-powered testing workflows using Playwright MCP.

Shopee UI Test Automation

Test Automation Engineer · Jul 2026

github.com/hangnguyen118/agent-test-framework-playwright-ai

- Built a Playwright and TypeScript end-to-end UI framework on the Page Object Model, covering 21 automated test cases across 4 browser and device targets in parallel.
